prevents
accidental
turn-on

High Performance, Multi-Functional LED Flashlight Ideal for Law Enforcement, Fire/Rescue & Homeland Security

Lightweight, powerful and rugged, the NovaTac Storm has arrived. Preset with 3 brightness levels (0.3, 30 and 120 lumens) plus a disorienting strobe, the Storm gives you a compact, lightweight, and virtually indestructible illumination tool that you can take anywhere. Suitable for any mission. Do you need just enough light to navigate a dark pathway, or a blinding, tactical-level beam to disrupt an intruder? You decide exactly how much light output you need with a simple click of the button. No other flashlight on the market gives you so many choices. It's the last flashlight you will ever need.
