

NOVATAC™

Special Ops

Lasts longer, burns brighter and is ideal for critical situations

High Performance, Multi-Functional LED Flashlight Ideal for SWAT Teams, Special Forces & Military

This small but powerful illumination tool is the perfect companion piece for those in dangerous occupations. Whether you're a Security guard or SWAT team member, the NovaTac Special Ops is the toughest, most reliable light you can own. It cranks out an impressive 120 lumens, more than enough to temporarily blind an oncoming attacker. The disorienting strobe gives you the time needed to regain control of a situation. Easily toggle between 0.3, 30 and 120 lumens with just a few button clicks. This rugged, virtually indestructible LED is a workhorse that's ready to do overtime and it will back you up in even the toughest situations.

Package Includes:

- Novatac Special Ops
- Steel Pocket Clip/ Lanyard Attachment
- Lanyard
- (2) CR123 Primary Lithium Batteries
