

NOVATAC™

Remote Dual Tail Switch

Conveniently and effortlessly turn your flashlight on or off while using a firearm

NovaTac Remote Dual Tail Switch Ideal for Special Forces, Snipers, SWAT Teams, Law Enforcement

The NovaTac Remote Dual Tail Switch (RDTs) is the perfect accessory to be used in conjunction with a firearm. It conveniently relocates the light switch so that it is easily accessible next to the grip or fingertips while holding a firearm.

The RDTs has 2 Buttons: Click-on/off push button switch located on the end of the tail cap, plus a click-on/off tape switch, with 5" cable that can be attached to any suitable location with the tape switch.

Both switches work in parallel so that either one can be pressed to activate the light. The Dual Tail Switch is compatible with all NovaTac flashlights.
